

A modern outdoor living furniture set is displayed on a light-colored patio. The set includes a large grey sectional sofa with several light-colored patterned and solid pillows. In front of the sofa is a large, dark grey square fire pit with a fire burning in the center. Two white wicker armchairs with grey cushions are positioned on either side of the fire pit. In the background, there are potted plants, including a tall green plant in a tan pot and a succulent in an orange pot. A large glass door or window is visible behind the sofa, reflecting the outdoor scene. The overall aesthetic is contemporary and sophisticated.
